A scolarship of Rs.25/- per month was granted to Miss. Josephine Asirvatham with effect from 1st Febry. 1934. This was being continued ever since. The last sanction expired on the 31st December 1935. She has failed in the last examination, but obtained exemption in Anatomy. She will appear again in April 1936 in Physiology.

2 As this is her first failure in the examination, the Principal recommends that the scholarship may be continued.

3 If approved the scholarship may be continued till 31st March 1936.

May be filed.

S.N. 3.

The scholarship of Rs.~~30~~ 35/- granted to Miss. Eva Edwin is now available as she has completed her studies and passed out of the college successfully. The Principal Medical College, Madras, has not made any specific recommendation on behalf of Miss. Josephine Dominic. He may, perhaps, be asked whether she is a student of sufficient promise to merit the grant of a scholarship.

The Principal of the Medical College recommends the continuance of the grant of the scholarship to Miss Josephine Asirvadham as she has passed the first M.B.B.S Part II Examination held in April 1936. Out of the scholarship of Rs.60/- p.m. Miss Josephine Asirvadham has been in receipt of Rs.25/- p.m. with effect from 1.2.34, the balance being awarded to Miss Eva Edwin. Now that the latter has passed her final M.B.B.S Examination in November 1935, her scholarship of Rs.35/- p.m. is available; and Miss Josephine Asirvadham

Miss Josephine Dominic prays that she may be granted the scholarship of Rs.35/- which has become available consequent on Miss Edwin's completion of her M.B.B.S. Cousre. When this scholarship of Rs.35/- became available in January 1936 Miss Josephine Dominic applied for it. The Principal of the Medical College who was consulted in the matter suggested that the application for a scholarship might be considered in April if she passed the examination. Miss Josephine Dominic has passed the examination held in April 1936 and the Principal of the Medical College now recommends the Grant of a scholarship to her. As she is fatherless, her case seems to be a deserving one. If the recommendation is accepted she may be granted a scholarship, the amount being the balance that will be left after paying Miss Josephine Asirvadham.

Of the two applications received, ~~one~~ is from the holder of a scholarship of Rs.25/- and has been recommended by Col. Plumptre for the continuance of the same for another year from 1st April 1936. He has not supported her request for enhancement. Provision exists for continuance of the stipend at Rs.25/- only.

The other application (~~one~~) is from a new candidate who appears to belong to the same family, for the grant of a scholarship.

Vide extract- (9) 11

In the confidential letter No.58/R-19/5-B/36 of the 16th of May 1936, my proposal was that no new scholarship should be considered, and the savings therein indicated were on that assumption. I therefore recommend that Miss Josephine Asirvadam's scholarship of Rs.25/- be continued at the present rates during the present financial year.

Hitherto scholarship holders have been granted scholarships on the distinct understanding that the Residency Medical Department had the first claim on their services. If and when retrocession of the Civil and Military Station to the Mysore State takes place, it is presumed that new appointments will be made from out of the Mysore Medical Cadre at least so far as Indian Personnel are concerned; and in that eventuality these ladies will be of no use to us after qualification. From both points of view, therefore, economy and policy, it would seem undesirable further to continue these scholarships beyond the present financial year. Enhancement is out of the question.
